HEALTH COALITION

Gorham School
District Nutrition
Services Program

This directory was assembled to support school nutrition programs in Cumberland County in their efforts to purchase from local food producers, and in particular to participate in the Fall 2008 Maine Harvest Lunch program. All businesses listed in this resource were contacted directly and have expressed an interest in selling to institutions.

To compile this resource, Communities Promoting Health Coalition sent a mailing out to all Cumberland County farms in the Get Real Get Maine, Maine Organic Farmers & Gardeners Association, and Mainefoods.net databases, and then followed up with a phone call to identify interested producers.
